DKSH expands Evatec's sales and services to China and Taiwan

DKSH, the leading Market Expansion Services provider with a focus on Asia, has signed an agreement with Evatec, a leading thin film deposition and etch systems manufacturer, to expand sales and services of its thin film production platforms to customers in China and Taiwan.

Shanghai, China, April 30, 2015, – DKSH Business Unit Technology, the leading Market Expansion Services provider for technology companies seeking to grow their business in Asia, will provide marketing, sales and after-sales services for Evatec's thin film production platforms in China and Taiwan.

After the recent acquisition of the Advanced Technologies segment from Swiss industrial Group Oerlikon, Evatec continues to choose DKSH as its partner to drive its ambitious growth plans in Asia.

"DKSH is already recognized as No.1 in delivering high-quality Market Expansion Services. This agreement gives us access to the company's market know-how and experienced sales and service specialists. DKSH is the perfect partner for supporting the growth of our business in the next generation of UBM solutions with unparalleled throughput and plasma damage-free GaN sputter processing solutions for our customers in the fields of advanced packaging, power semiconductors and LED," commented Andreas Waelti, CEO, Evatec.

Hanno Elbraechter, Head Business Unit Technology, DKSH said: "We are pleased that Evatec has selected DKSH as its Market Expansion Services partner. With our strong local footprint in Asia, we can leverage on our size, experience and know-how to provide tailored services to customers of Evatec. We have an ambition to significantly further develop our semiconductors business by launching new partnerships and Evatec is the perfect match for this ambition."

The agreement will further strengthen DKSH's market position in the region while bringing state-of-the-art thin film technology solutions to the markets.
