There is currently no agreement for a variable compensation to the Management in place.

(3) Amendment of Art. 3 of the Articles of Association, concerning share capital, as follows (changes marked):

9. Reduction of par value and additional distribution

9.1 Nominal value reduction in favour of reserve from capital brought in

Motion: (1) Reduction of the share capital from CHF 407'160'000.-- [after execution of agenda item 8] to CHF 198'360'000.-- by reducing the par value of the 6'960'000 registered shares from CHF 58.50 to CHF 28.50 and allocating CHF 30.-- per share (total CHF 208'800'000.--) to the reserve from capital brought in;

If the distribution of CHF 5.50 per share proposed in agenda item 3.2 is approved, the reserve from capital brought in will be almost consumed. In order to create potential for further withholding tax-exempt distributions, the Board of Directors proposes in agenda item 9.1 to reduce the par value by CHF 30.-- per share and to increase the reserve from capital brought in. In agenda item 9.2 the Board proposes an additional distribution from the just increased reserve from capital brought in. Should both motions be passed, the cash payment of CHF 1.50 per registered share will be made on 21 September 2018, and registered shares which are entitled to receive the distribution will be traded for the last time on 18 September 2018 (as of 19 September 2018 without the distribution entitlement, ex-date).
