DKSH Expands Coatings Laboratory for the Specialty Chemicals Industry in Indonesia

DKSH Performance Materials further strengthens its technical customer service with the expansion of its cutting-edge coatings laboratory in Indonesia

Jakarta, December 13, 2021 – DKSH’s Business Unit Performance Materials, a leading distributor of specialty chemicals and ingredients, has expanded its coatings laboratory in Indonesia. The larger, more modern, and OHSAS-compliant facility is located in Jakarta and is fully-equipped with the latest advanced technology to cater to the growing demand for technical and formulation support in the Indonesian coatings industry.

The laboratory, one of DKSH’s 48 innovation centers around the world, plays a vital role in developing new concepts, products, formulations, and technologies for companies in the paint & coating, printing & packaging, ink, construction, and adhesives industries. The facility also provides sourcing, application testing, trouble-shooting, technical guidance, regulatory support, and many other services for our valued customers and clients.

Chookitch Thanakitkachorn, General Manager, Performance Materials, DKSH Indonesia, commented: “DKSH’s coatings laboratory in Jakarta has been expanded with the main aim of supporting our business partners in the construction industry to cater to Indonesia’s nationwide infrastructure growth goals. We have also increased support to companies in the printing, food packaging, and adhesives industries following the rapid rise in consumer demand for food delivery services during the pandemic. Our goal is to continue enriching people’s lives in Indonesia, by supporting our partners across a wide range of industries through our extensive technical expertise.”

DKSH’s technical specialists develop solutions and formulations tailored to local market needs, helping companies reduce time-to-market and increase competitive advantage. [> Watch the launch video here.](#) For more information about the DKSH Indonesia, visit: <https://dksh.com/indonesia>.

About DKSH

DKSH’s purpose is to enrich people’s lives.
